Pleasure Hunt

HARBORTOWN INTERIORS

Walk along the wonderful streets of downtown St. Joseph, and you're sure to be drawn to the amazing window displays at HarborTown Interiors. Enter the store and fall in love with the wonderful, eclectic, one-of-a-kind treasures Stephanie Grill and her partners, MaryKay Hylton and Kerry Cressler have in store for you.

Building? Remodeling? Looking for that special something to bring personality to an existing room? HTI has an uncanny knack for knowing just the right fabric to pull from their enormous array of swatches, the perfect rug to bring the look together or accessory to add that special touch.

Most of the work that HarborTown does involves homes along the lake shore. Clients know they can count on Grill and her partners not only for quality service, but also for creative solutions that ensure every interior is a one-of-a-kind.

Their 2,400-square-foot showroom is a wonderland of fabulously fun home furnishings. A one-stop shop, they handle everything from interior design to upholstery, lighting, original art, accessories, furniture, window treatments and more.

HTI is an authorized dealer for Norwalk, Harden and Company C, HarborTown carries Vanguard, Four Seasons, Wesley Hall, Comfort Design, Fjords, Braxton Culler, Stanley, Lexington, Four Hands, Dovetail, Halo Designs, Paula Deen by Universal, Dash & Albert, Surya, Japur, Loloi, Classic Home and Chandra.

"We can get the usual things, but we also carry things you don't get everywhere," Grill said. "We shop all over and have long-standing relationships with many vendors and manufacturers."

Whimsical lake shore looks are as prominent as reclaimed wood pieces reminiscent of Restoration Hardware. Grill and her partners have an eye for the unique, and shoppers are as likely to encounter a collection of old life preservers as fantastic rugs, pillows and a headboard made from oars.

"It's what we love to do," Grill said. "We help clients think it through to make sure the function is there, as well as the look so that they can truly enjoy their surroundings."

"Design is not just about how it looks, it's also about how it works."
